SCIENCE CARE PARTNERS WITH ARIZONA HOSPICE AND PALLIATIVE CARE ASSOCIATION CONFERENCE

PHOENIX, AZ (Oct. 1, 2008) — Science Care is proud to support the Arizona Hospice & Palliative Care Association's fall conference, Building Quality Organizations: Sewing Seeds for Change.

This one day inter-disciplinary conference focuses on providing hospice employees with research, skills, practices, and inspiration essential for end-of-life care. Science Care is providing the keynote speaker, Carol Taylor, RN, PhD, who will discuss Ethics, Quality and Leadership.

"Hospice employees provide an invaluable resource to families and we are honored to help provide this educational opportunity," said Donna Goyette, Science Care's Director of Community Relations. "We look forward to continuing to support the Arizona hospice and palliative care community."

Science Care representatives will be on site to provide additional education on whole-body donation and answer questions from conference attendees. Resource material is also available, at no charge, to share with hospice staff, patients and families.

The event is being held on Friday, October 17 from 8:00 a.m. – 4:00 p.m. at the Marriott Phoenix Airport. Visit www.ahpco.affiniscape.com for more information.

About Science Care

Science Care (www.sciencecare.com) sets the standard of excellence for the donation and responsible use of human tissues for medical research and training. Science Care's donation program contributes to a wide-range of essential and innovative medical developments including advanced physician training, surgical device development and neurological research, seeking cures for diseases and new prescription drug discovery. Accredited by the American Association of Tissue Banks (AATB) in Arizona and Colorado, as well as licensed by the state of New York Department of Health.
